

## OIL PRESS MACHINE

is used to get 100% Pure & Fresh Edible Oil at anytime anyplace. It is useful for different types of Oil seeds like Peanuts, Coconut, Sesame, Mustard seeds, Soybean, Walnuts, Sunflowers seeds, Vegetable seeds, Flax seeds, Almond, Castor Seeds etc. Due to today's uncertain times, it is necessary to eat pure and fresh oil for health consideration. These small oil press machines are less expensive, more reliable and much easier to operate.

## We Have Brought a Machine Focusing More on Purity and Quality ...

**Oil Press Machine is most easy to use at anytime anyplace, 100% pure, natural and efficacious for health**

**Does oil you are using is completely pure?**

**No!** Refined oil contains chemical residues and is more expensive, which is similar to a poison, we have come up with the easiest solution for this problem.

**Diseases Caused By Refined and Chemically Processed Oil ...**

This type of oil, which is similar to poison for body, is main cause for many diseases. Such as heart attack, skin diseases, diabetes, blood pressure, gas, acidity, hair loss, cholesterol, joint pain, bone loss, waist pain and many such ...

### Complete Solution of these problems

An oil machine that you can bring to your home but which can work like a small oil mill and at a low cost you can take good care of your health. You may be spending a lot on health and preventing illness. But you can save all that money at once. So, buy now **Gorek Technologies's Oil Press** with complete reliability.

### Types of Oil you can Extract with the machine

### Number of Chemicals in Refined Oil

Single Refined - 5 to 6 Chemicals  
Double Refined - 10 to 12 Chemicals  
Triple Refined - 20 to 22 Chemicals

### Machine Features

- 💧 Advance Technology
- 💧 100% Pure Oil
- 💧 Easy Use
- 💧 Company's Warranty
- 💧 Compact and Attractive Design
- 💧 More Benefits & Priced reasonably.

Avail From:

**Model : GTO-101**  
**Type : Mini Commercial**

Capacity : 20-30 Kg/hr  
Voltage : 220V  
Power : 2000W  
Weight : 53 kg  
Material : 304#food grade Stainless Steel  
Dimension: 700x290x710mm

**Model : GTO-60**  
**Type : Mini Commercial**

Capacity : 40-50 Kg/hr  
Voltage : 220V  
Power : 3000W  
Weight : 330 kg  
Material : Stainless Steel with Hygiene standard  
Dimension: 1050x800x1400mm

**GTO-Expeller**

Model/Parameter	GTO-160	GTO-260	GTO-400	GTO-500
Diameter of Squeezing Bolt	80 MM	100 MM	120 MM	150 MM
Speed of Squeezing Bolt	60 RPM	40 RPM	36 RPM	30 RPM
Diameter of Internal Circle of Pressing Chest	82 MM	102 MM	122 MM	152 MM
Main Engine Power	5.5 KW	7.5 KW	11 KW	30 KW
Heater Power	3 KW	3.5 KW	4 KW	5 KW
Handling Capacity	80-160 Kg/hr	150-260 Kg/hr	260-400 Kg/hr	400-500 Kg/hr
Weight of Machine	550 Kg	760 Kg	915 Kg	1800 Kg
External Dimensions	1.7x1.3x1.6 meters	2.0x1.4x1.7 meters	2.05x1.4x1.8 meters	2.2x1.5x1.8 meters

## Company's Brief

GOREK TECHNOLOGIES are Manufacturer and Leading Supplier of Best Quality Domestic and Commercial Oil Press Machines, 3D Printers, and CNC Machines from INDIA. We have been growing progressively in all these fields with best Quality and Precision Work. As a Manufacturer, we understand our responsibility of bringing nothing but the best to our clients and end-buyers. By adhering strictly to our core values and principles, we have made a sound and healthy working culture in the workplace where our employees can grow at both personal and professional level.
